Foreword

The period in which we live and of our graduation from high school offers a privilege for service to any person who is well prepared. May we think of the years spent at Parry McCluer as the initial period in this preparation for the opportunities that lie before us.

DEDICATED TO AN INSTITUTION DEAR TO OUR HEARTS

We, the class of 1961, dedicate this, our 1961 Parrimac to Parry McCluer High School. We dedicate it not merely to the stone and brick of which these buildings are constructed, but to the high standards and idealisms which the beloved old school has and has so freely given to any seeking comfort within her hallowed halls.

Parry McCluer High School is where we have spent many hours, some of them jubilant and carefree - some solemn and devotional. It is difficult to conceive that we will soon be but a memory, safely hidden away within the halls of our treasured alma mater. We only hope that in years to come the ringing of our laughter throughout the corridors will still be heard by any who may return for the sole purpose of cherishing and refreshing the wonderful memories that Parry McCluer High School has given.

We reluctantly leave Parry McCluer but we have much to take with us. Our only wish is that the future seniors reap the many benefits and fond memories that we leave behind, yet in a sense, take with us. It is indeed sad to know that shortly Parry McCluer's doors will close forever behind us and that we will then have to rely on the fond memories lingering in our hearts to keep us forever mindful that the finest years of our lives were spent here.

These halls and classrooms are no longer ours to have and to hold the memories we shall take with us as we step out to fight the battle of life. Therefore, we, the Seniors of Parry McCluer High School, dedicate this yearbook to the institution which will become a memory dear to our hearts.

The Class Of '61-

Hail to the class of '61
Always jolly, full of fun;
Here for learnin', here for play,
We'll get learnin' some other day!

Listen to the jingle, the rumble and the roar.
There goes the class of '61 through the lunch
room door.
Always shovin' and pushin' about
Trying to be the first one out.

The slap happy crew that once went to Lit's
Will go on to college to sharpen their wits.
The three cool cats in locker ten
Might stay here and try it again.

The grimy crew in Algebra class
Will be luck if they pass.
And if they do we hope they find
That pool and "x" do not combine.

We've put out a lot in these twelve years.
But you don't see us sheddin' tears
We've had our time and yours will come,
And then we'll see just who is dumb.

We've loved school life, we think it's grand,
And now we're making our last stand.
But not like Custer - we're sure to win.
We know better than to try again.

Carolyn Wiseman wills her typing speed to her sister, Ruth.

Mary Wood wills her seat in Government class to her sister, Doris.

Class Prophecy

The year - 1981 and the class of '61 has just had its 20 year reunion. It was so wonderful to see all the old gang and discover what they are doing with the excellent training they received at Parry McCluer.

We find that Ronnie Agnor who was always singing and strumming for us, has finally reached the "Big Time" with a new hit record.

Irene Arthurs joined the United States Air Force, and from all appearances she may be the next President of the United States.

Joe Barger, that lover of sports, has won great fame as a sports writer for the New York Times.

Remember how Bobby Brads used to blast off from the school at lunchtime? He misfired one day and is now on the moon where he has just opened a new Brads' Esso Station.

Audrey Burch was made publisher and editor-in-chief of the Buena Vista News just last week.

Tommy Dickinson is now head plumber at the Dickinson and Cole Plumbing Shop.

Gene Dixon, who was always collecting Indian arrow heads, is now living on a reservation in Oklahoma. We get an occasional smoke signal from Gene.

Peggy Entsminger, a whiz at shorthand, now writes home in LONGhand from the Congo where electrical engineers are in such demand.

Drema Flint, one of the lucky girls who always had a summer job, liked money so well that she stayed in the banking business and is now President of the First National Bank.

Pat Floyd is flying high with her Air Force man. She stops off to wave at us every now and then.

Hazel Garrett who worked in the cafeteria and Dairy Bar became head dietician at Parry McCluer.

Jane Garrett became secretary to the President of the First National Bank.

Donna Glass, who was so interested in sports cars, manufactured the first American sports car, and has become a millionairess.

Jimmy Higginbotham finally made it. He became head grease monkey at Higginbotham's Triangle Service Station.

Ernest Hostetter, Jerry Miller, and Johnny Huffman, who always ran together have taken the place of Curly, Moe, and Joe.

Richard Hudson finally finished school at V.P.I. and has returned as head football coach at Parry McCluer.

Gwendolyn Huffman who loved peanuts now lives on a peanut plantation way down South.

Larry Huffman, better known as "Beaver", is now building dams for the U.S. Government.

Marjory Jewell, who always had such fabulous parties, now manages the Stork Club in New York City.

Remember how Horace Keiser used to pester everyone? Well, he's now working for a pest control company.

Ed Allen Kirkpatrick, known for his wild bongo beating, is now sending messages through the Congo.

Bill Lotts went to North Carolina State to study nuclear physics and then went right into nuclear research. We're expecting great things from Billy any day!

Richard Loughhead, better known as Dutch, is now in Holland oiling windmills and planting tulips.

Joyce Mohler is now raising a family of little pests. Curtis Montgomery has become General Manager of the 200 Valley Stores in the United States.

Peggy McElroy who was our Pep Club President opened her own Sport Booster Shop.

James McNally is still plunking his guitar and backing up Ronnie Agnor and his big hits.

Susan O'Connell just made a trip to the moon. Wonder why?

Gregory Paynter had to live up to his name. Greg is now painting bill boards throughout the country for Tommy Tucker, that delicious drink.

Mary Rivers went on to college and is now teaching and taking care of her growing family.

Remember Franklin Rowsey who came to B.V. from Fairfield? He decided that he liked the country best and now has his own dairy farm. Just think - that Sealtest Milk you drink may come from Franklin's cows!

Lottie Schart who excelled in shorthand now holds the world's record shorthand speed at 1,000 words per minute.

Linda Secrist who loved those physics problems of Mr. Figgers is now teaching physics at PMHS.

Remember how intensely Wayne Shafer disliked girls? He is now running his own modeling agency.

Mary Lou Smith, our Sonja Henji of roller skates, now owns the Meadow View Roller Rink.

Tommy Smith, who got so much experience while working at the Rockbridge theatre is now a Hollywood director.

Patricia Snyder went to Southern Seminary and has just won the title of Best Artist of the 20th Century.

Tommy Sorrels, who disliked Sunday School so much, has become a minister.

We find Edith Spence back at ole Parry McCluer teaching English.

Don Sylvester - that "cat" who loved animals, is now a veterinarian.

Billie Jean Tomlinson married a Gardner and is now busy raising her own little plants.

Basil Tripp has returned to PMHS as head basketball coach.

Revo Williams became President of the Gulf Oil Company.

After living the life of a wild W & L "mink", Joe Wilson became a Navy Lieutenant.

Remember how confused Carolyn Wiseman stayed in Mr. Coleman's English class over those big words? She has now put them to every day use as she is a beatnik.

Mary Wood, who failed every math test, is now professor of mathematics at Harvard University.

Bunny Humphries, Martha Lou McCormick, and Mary Lou Williams all became teachers and are now living together in Richmond in an apartment. We still drive around in an old black chevy.

Yes, my classmates have all done well in just twenty short years. Why just think of what fame we will have accomplished by 2001!

FIGHTING BLUES TAKE VALLEY CHAMPIONSHIP

Friday night, November 11, the Fighting Blues of PMHS defeated the Lexington Scarlet Hurricane 14-7 in a rousing fight for the Valley District Championship. This marked the first time since 1952 that Buena Vista has defeated Lexington on its own field. The Blues have made history for our school in several ways. This victory enabled us to become the last victors of the old District 5, and the first champions of the new Valley District. For a complete report of the game see the second column of this page and also the Sports page.

Beta Club News

The Beta Club held its last meeting on November 15, 1960, in the home of "Bunny" Humphries. The club dues are to be 10 cents per edition of paper and the requirement of selling two papers. By selling the two papers the dues will be covered.

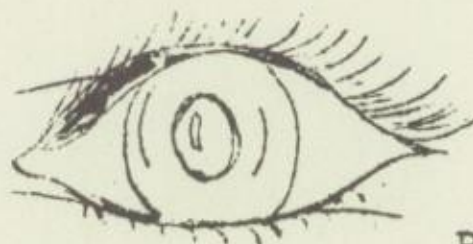

We decided not to enter a float in the Christmas Parade due to the fact that 2/3 of the members belong to clubs which do plan to enter.

A count of those who plan to go to the Beta Convention March (17---18) was taken. The motion and vote was made that we enter the convention talent program. A committee was appointed to serve for preparation of the program.

Nineteen members were present for the meeting which was presided over by "Bunny" Humphries. A social hour of games, refreshments and dancing followed the business.

PRIVATE EYE

Coach Upping

Here is Coach Upping bringing you the latest plays made on our Football Field.

As I was running to catch the pass that was thrown to me by David L., he informed me that he had a date with Donna G. Friday night. I missed the pass but David had a good time.

As time was called, Leigh G. signaled to me that "Buffalo Chip" was in over the week-end.

Just when I was ready to show the boys a new play, a sneak passer told me that Dutch L. was at the dance with Joan F. He also informed me that Shanty S. was there with Jane E.

NIXON WINS STRAW VOTE ELECTION

In a straw vote taken in the home rooms Tuesday, Vice President Richard M. Nixon won over Senator John F. Kennedy with a count of 249-199. The election was held for grades seven through twelve. Actually it was the Seventh grade vote which made the difference for Nixon. The seventh graders voted exactly 2-1 for the present Vice-President. Until the time that their vote came in, Senator Kennedy
